

THE BAND

All members of the Red Deer Band are asked to prepare themselves for the Red Deer Fair. Practice will be held in the city hall on Wednesday, June 25, when it is expected that all who intend to play at this engagement will be present.

FOOTBALL

Red Deer Win Close Game at Wood River—Local Team Gave Splendid Reception.

The local footballers took a team to Wood River on Friday night, consisting of Galbraith, Ross, Haste and Carver, back; Caswell, Cunningham, and A. Reed, half backs; and Kent, Nicholson, W. Reid, L. Reed and Stewart, forwards. It was Kent's first turn-out this season, but the old-warrior got the only goal of the game when he took a corner kick and put in a nasty spinning ball which was deflected by the Wood River goalie into the net. Scotty Reid and Stewart worked like trojans on the forward line and with a little luck would have got a couple more goals. The halves did better than they have done, but were weak in their feeding of the forwards. The backs turned in their best game of the season, while Galbraith in goal was right on the ball whenever the home team attacked. Wood River had a nice forward line and should have scored at least once, and the rest of the team played their positions well, although the goalkeeper had cleared the corner kick that resulted in the score. The game was a close one, the only penalties called being for handling the ball and for unintentional breaches of the rules.

After the game the Wood River residents had the boys up to their community hall, where they put up a nice little supper. This was followed by a dance, to which the locals could not stay, as they had the long drive home ahead of them. It is hoped that when visiting teams come to Red Deer they will get as good a reception as the boys have had when away.

PONKA HAD TOMORROW

Tomorrow night the Ponoka Hospital team will be down for their return match with Red Deer. They beat us 3-1 at Ponoka, but the boys are satisfied that they can win out at home. It will be a good game and will be played at the school grounds.

WILLOWDALE COMMUNITY PICNIC

The Willowdale community will hold their annual picnic this Friday, June 27th, on Bruce Street, from 10 a.m. to 5 p.m. It is a picnic and is assured of a good time.

WASKASOO SCHOOL PICNIC

The annual school picnic will be held at the Waskasoo school house this Friday, June 27th. A good program of sports has been arranged, and refreshments will be served on the grounds. Proceeds go to the school fair fund.

BOY SCOUT NOTES

At the Board of Trade Free Picnic, July 1, there will be a competition open only to Scouts. It has been decided to make this an equipment race for individual Scouts. A number of Scouts must be in full uniform. Details of this may be obtained from Scoutmasters Gail and Gillespie. Visiting Scouts welcome.

Both troops will parade at C. P. R. station at 10:30 a.m. and take part in parade to grounds.

BIRTHS

At Balmoral, Red Deer, on June 23, to Mr. and Mrs. A. Berrow, a son.

To Mr. and Mrs. Adam Henderson, Willowdale, on June 15th, a daughter (Phyllis Irene).

DIED

SHAW—In this city, on June 24th, Robert Shaw, of Culver, Alberta, aged 50 years. Funeral notice later. For enquiries 'phone 172—H. G. Stone & Son.

REDISTRICTION MAY BE DELAYED TILL NEXT SESSION

Change in Method of Voting Almost Sure to Go Over Until Next Year

Ottawa, June 24.—Prorogation of parliament at the end of next week appears to be gaining ground among members, although some declare their intention to continue the fight for some weeks yet. Conservatives meet in caucus this morning to discuss the remaining session program, and it is likely then that there will be discussion of an appropriate date for the end of the session.

Redistribution is the most contentious of the public measures yet to come before the house. Almost since the beginning of the session, redistribution has been before the committee, with Ontario constituencies as the stumbling block. On the Ontario constituencies it is doubtful if a full agreement between Liberals and Conservatives will be reached, and there is talk of sending the bill over for fall and winter session. In any event, the bill for the single transferable vote is likely to go over for another year—unless it is decided to continue the session beyond the end of next week.

MISTAKEN IDENTITY

"May I ask you who are in this dressing place?" the young woman asked the detective.

"Certainly, madam," he replied, "I am here for robbery at a seaside hotel."

"Oh, how interesting!" the gentle one stammered. "Were you the proprietor?"—People's Home Journal.

CONDOR NOTES

Working on the road and breaking seems to be the order of the day, and there are very few slackers.

Mr. and Mrs. Silcox, of Calgary, motored up and are spending a few days with Mr. and Mrs. Eastman.

The stork settled at the home of Mr. and Mrs. J. Edgar last week and left a baby boy. Mrs. Edgar and baby are doing well.

There are rumors that Mr. McFarlane, village blacksmith, is selling out. We all sincerely hope these rumors are unfounded.

On Saturday afternoon there was a snappy basketball game between Condor and Beakville. Condor was fortunate in getting the long end of the score (22-14). The Condor girls had better combination and, judging by their play, had more practice.

On July 17 there will be a Condor Cosmotheatricals' Picnic on the Condor grounds, at which there will be girls' races, boys' races, women's races, men's races, horse races, baseball, basketball, and other sports. A great many other sports and attractions.

Condor Women's Institute had a very successful concert and dance on Friday night and made almost three hundred dollars. There were two sketches which were well performed. Miss Molly Schmidt's singing was much enjoyed, and the Condor village band carried the audience right with them.

RED DEER 13, LACOMBE 0

Red Deer has a ball team. Lacombe has a ball team. Red Deer has a one-sided score for a scheduled league game, but that figure stands for Red Deer's lead in the C.A.B.L. played at Lacombe last Monday evening. To play two shut-outs in one week, Red Deer is not often attained by any ball team in this league.

Every player on the Red Deer team made a safe hit in Friday's game. Smith, George, Weber, Hamilton and McLaren got two hits each; Malcolm made it three. Percy was going great guns on the mound, only five scattered hits being garnered off his dejected batters.

Howie George featured the game by a home run and a perfect fielding. George's home run cost best fielding the story of the game.

| Score by Innings— | | | | | | | | | | |

Official Score—J. G. Lang.

COMING EVENTS

The annual Hillsdown picnic will be held on Friday, July 11th. More particulars will appear later.

St. Luke's W.A. will hold a Dorcas tea and home cooking sale in Alexander hall on Saturday, June 28th, from 3 to 6 o'clock.

The Pythian Sisters will hold a 10c tea and sale of some cooking in the Alexander Hall on Saturday, July 5th, from 3 to 6 p.m.

There will be a dance in the Black-falld hall on Wednesday, July 2nd, under the auspices of the Athletic Club. The orchestra will play and a good time is assured.

The W.C.T.U. will meet at the home of Mrs. H. W. Trimble, Michener Hill, Thursday (note the change in the day) at 8:30. The flowers, fruit and delicacies committee will be in charge, and donations of flowers, etc. for the sick will be gladly received.

The U.G.W. elevator at Red Deer will close about the end of this month for two weeks while M. M. Cook, local agent, is taking his vacation. He has requested that if possible those wishing to bring in their goods do so before the end of the month.

A meeting of the Crossroads U.F.W. will be held at Mrs. Fred Hart's on Saturday, July 5th, at 2 o'clock. The U.F.W. will be in charge of the Women's Home Bureau Service, Dept. of Agriculture, will give a lecture on "Home Economics" and the ladies in the district are cordially invited to attend and bring their friends.

AN OPEN LETTER FROM HIS WORSHIP MAYOR COLLISON

To the Citizens of Red Deer and surrounding districts, Ladies and Gentlemen, Girls and Boys:

I have been asked by the committee of the Board of Trade having the picnic arranged for July 1st, in hand to address to you a few words, and I do so on your behalf.

The Board of Trade has given a great deal of time and consideration to the celebration, and has appointed a strong committee to look after the details. They are arranging to give you a real good day of clean interesting sport and are desirous of your cooperation and support.

They are celebrating Canada's natal day, and we should all be proud and anxious of taking part in honoring the birthday of our vigorous young Dominion. There is no country or province so beautiful as the one in the estimation of mankind that our fair Dominion. Come out on that day and join with us in a good neighborly commemoration of this auspicious occasion.

On the citizens of Red Deer I would like to urge the citizens of the surrounding districts to join in this simple act. We should be proud to give the old flag, for it has stood for nothing but honor and right-dealing around the world. Fly the flag on Dominion Day and honor the flag and the country by so doing.

Entrance to the exhibition grounds will be free. Bring your babies and make a real day of it. Light drinks will be served on the grounds at a nominal charge. There will be baseball, football, running, racing, jumping, horse races, etc., and Mr. Bralier has the promise of two horse races.

The citizens of the surrounding districts I would invite most sincerely to come in and join with us in a good day's celebration. The Board of Trade is doing more for the district at large than any other people know of. Come to the sports later in the day—that they may be carried out regularly. So be on time.

The citizens of the surrounding districts I would invite most sincerely to come in and join with us in a good day's celebration. The Board of Trade is doing more for the district at large than any other people know of. Come to the sports later in the day—that they may be carried out regularly. So be on time.

Yours faithfully,
J. COLLISON, Mayor.

PENHOLD NOTES

Penhold junior baseball team played on Hill 13-2.

At the recent special semi-annual services held by the Penhold Army, Geo. Dancocks has returned from a trip to Detroit, where he reports a great number of unemployed. He will be greatly welcomed at the ball team.

MR. J. G. LEARY'S RECITAL

The Methodist Church Sunday school will be crowded on Thursday last, to hear the pupils of Mrs. J. G. Leary, a large number being present from a large number of the surrounding country. This city and community may well be proud of the musical talent that has been developed here. Many of the very young artists at this recital showed great promise. In addition to the piano solo, a number of very pleasing vocal items were rendered which clearly demonstrated the ability of Mrs. Leary as a teacher and trainer in voice production.

SPLendid PROGRAM FOR DOMINION DAY

Day to Start with Monster Parade—Markerville Band to Play Sports of all Kinds—Fly the Flags

All is ready for the big day next Tuesday, and it's going to be the best list of July celebration ever put on in Red Deer. That is what the convenor of the picnic committee, J. C. Brazier, informed The News reporter just before going to press.

The day will start off with a huge parade, which will start from the square in front of the C.P.R. depot at 11 o'clock promptly. All the various organizations taking part in the parade must be in their places by half past ten. The parade will move off in the following order: The Bands, the Artillery, the Militia, the Cadets, the Boy Scouts, the Girl Guides, the Wolf Cubs, the Brownies, the members of the G.W.V.A., and then citizens and cars that will join the parade. All that can be urged to decorate the cars with flags and bunting, and the committee is sure that all places of business and residences will fly the flag for Dominion Day.

The merchants have donated generously to the prize list, and a very complete list of races and other sporting events for young and old is assured. Good baseball and football games will be played during the afternoon and evening. The prizes that have been donated and not yet collected will be collected by the committee this afternoon and merchants are asked to have them in readiness so as to facilitate the work of the collectors.

Remember, there is no admission charge to the grounds or to any of the events. Tea and coffee will be supplied free of charge but everyone should bring baskets for their meals and their own drinking cups.

JOFFRE ITEMS

Miss Newcombe leaves next Monday to attend summer school in Calgary.

Clyde Adair, of Montana, is visiting with his sons, Jack Ryan and George, at the home of Mr. and Mrs. J. C. Brazier.

Remember the Sunday school picnic on June 28th down at the river. Bring your baskets.

Mr. Thompson is doing fine and expects to be out of hospital in a few days.

Mr. and Mrs. B. Sawyer, of Lacombe, were week-end visitors with Mr. and Mrs. Roy Sawyer.

A basketball game will be put on on Friday, June 27th, at Joffre, between the home team and the away team. Game called for eight o'clock.

Mr. Bitts is doing very good work on the roads in this district, and is now putting in a new road on Highway Avenue through to Joffre, which is a big improvement to the town.

LOCALS WIN FROM OLDS AT CRICKET

The Olds cricketers came up for their first league game with Red Deer on Wednesday last, the game having been postponed from the previous Wednesday on account of inclement weather. It was a splendid afternoon, but unfortunately the Olds were only able to win by a little.

Red Deer lost the toss and went in to bat first. Brown and Buck taking their bats in first. Brown played a lovely game, and while he did not score many runs, he certainly had a steady influence on the other batsmen. Olds batted well, but the Olds bowlers were more than a little bowled by G. Botham, who was mixing his bowls nicely both as to speed and break. Lavender ran up the top score of the game by free hitting, but was out on a doubtful leg before lunch. Red Deer bowled him out for 11 runs, probably a record in the league. A Botham was hitting freely, but owing to a misjudgment with his batting, he was run out. Brown, wicket keeper for Red Deer, played a very nice game, only one extra being scored against him. Red Deer, while owing to the Olds wicket keeper playing very close in, Red Deer gathered 11 runs, probably a record in the league. A Botham was hitting freely, but owing to a misjudgment with his batting, he was run out. Brown, wicket keeper for Red Deer, played a very nice

FIFTEEN YEARS AGO

From The News, June 23, 1909.

Football, baseball, lacrosse and typewriting were among the sports arranged for July 1. \$1000.00 was up in prizes.

Red Deer and Pine Lake Troops, 15th Light Horse, entrained for Calgary for the annual camp. Lieut. H.

L. Gaetz was in command, and about forty officers, N.C.O.s and men went down.

At a special meeting of the Town Council the mill rate was set at 20%.

Red Deer footballers were well in the lead in the South Shield competition. The Firemen and Town teams were tied for first place in the city league.

No. 1 Northern wheat was quoted

at \$1.05.

Clarence Trimble and Miss Florence Pearl Michener were married in Red Deer.

TEN YEARS AGO

From The News, June 24, 1914.

All Red Deer merchants agreed to close their stores Wednesday afternoon during the July and August.

Rev. C. W. G. Moore, rector of St. Luke's, introduced the recommendations of the temperance committee at the annual meeting of the Anglican Synod.

Tenders were asked for the building of a new post office in Red Deer.

Red Deer won at baseball from Lacombe by two runs in a good game.

Oil was reported to have been struck in the Monarch well, west of Olds, and great excitement prevailed around the land office.

M.D. OF LOCHEARN

A meeting of the Council of the M. D. of Lochearn was held at Leslieville on June 3, with all the Councilors present.

Alister M. A. Miller, accompanied by a certificate of illness from the doctor, had been received from the secretary-treasurer of M. D. A. I. Action taken by the Council was that the Secretary write Mr. Miller, asking him to take hospital treatment at the expense of the municipality.

Letter from Mrs. O. Norem, asking for an order from the Council for the admission of her child to the Child Hospital was, on motion by the Reeve, tabled.

Letter from Mr. Tink, advising that the trail across his place would be

closed for traffic after June 10, 1924. Motion by Councilor Williams, "That the Council open a temporary road across this land for a period of two years, or until such time as the road allowance is completed."

Motion by the Reeve, "That the Council ask that the survey on the N.E. 12, 39-45 be cancelled." Carried.

The Council ratified the action of the Reeve and Councilor Sande in having the road east from Alhambra opened.

The secretary was instructed to procure time books for the use of the road foreman.

Motion by Councilor Sande, "That the salary for the assessor be \$550 with an extra \$50 to cover expenses attending meetings of instruction for assessors, and also the cost of revision." Carried.

Nine applications were received for appointment as assessor.

The secretary was appointed Will Land assessor for 1924. Remuneration to be 5 percent of the amount collected.

The Council took advantage of Mr. Alister's offer to increase the government grant by \$300, if the Council would supply each division with two Fresno and one road plow. Eight Fresno were therefore ordered from the Sawyer-Massey Machine Co.

Re. letter received from the Syvan

Lake Citizens' Committee, asking for endorsement of their action in the Hansen case, the Council could not see their way to accede to this request, therefore no action was taken.

Motion by Councilor Wayman, "That the Council offer Mr. Leskinen \$70 as settlement in full of his claim against the Council for road and fence." Carried. Mr. Leskinen accepted the offer.

A petition signed by several ratepayers asking for diversion on the 14th road, was referred to a committee of Councilors Sande, Randall and the Reeve.

A bill of \$8, presented by G. Ames for the burning and burying of a dead horse, was referred to V. Green, the owner of the horse.

Motion by Councilor Sande, "That the grader bought from the Richardson Machine Co. be paid for out of the general funds of the municipality." Carried.

The secretary was instructed to apply for certificate of title for the lands surrendered from the tax sale proceedings of 1922.

Motion by Councilor Sande, "That the Council donate the sum of \$25 towards the building of a fire hall in Leslieville." Carried.

Letter received from a resident of Leslieville, re. the Fire Ordinance, was considered by the Council as being of no real value.

Letter received from the Board of Railway Commissioners to the effect that the proposed spur track across

the road allowance in the N.W. 22-39, 7, W. 5th, had been abandoned.

The following bills and pay-sheets were passed and ordered paid—Sylvan Lake Co-op, \$28.35; Sawyer-Massey, \$366.24; T. S. Kirby, \$12.00; Attorney-General, \$45.00; Leslieville Mercantile Co., \$22.40; D. H. Steen, \$17.93; The News, \$5.00; The Moun-

tainers, \$3.00; The Advocate, \$2.40; G. I. Edwards, \$27.45; L. Dobb, \$8.40; S. Emmerson, \$45.10; Compensation Board, \$21.63; H. S. Card, \$5.00; Pay-sheet, Div. 2, \$17.00.

Motion by Councilor Williams that the next Council meeting be held at Rocky Mountain House on Thursday, July 3, was carried.

R. D. McCullum.

Our Service Evidently Appreciated

Red Deer, Alberta, June 29th, 1923

W. J. Botterill, Esq.
Agent—Car and General Insurance Company,
Red Deer, Alberta.

Dear Mr. Botterill:—

Just a line to advise you of the satisfactory adjustment that your Company has made regarding my hail loss. I particularly appreciate the promptness of the settlement, having this date received a check, which is less than thirty-six hours after adjustment. You are to be congratulated on having the adjuster on my place within forty-five hours after the storm.

Assuring you of my appreciation, I am,

Yours truly,

A. T. FORRESTER

Expressions from such satisfied clients as the above are greatly appreciated, and spurs us on to equal or better service than that rendered to Mr. Forrester. With so many storms and rates only 8 per cent. can you really afford to carry all the risk yourself? A phone call will place our office at your disposal.

Service Is Our Watchword.

Do you know that right now you can get Counter Check Books cheaper than you could even before the war.

We are agents for the biggest Canadian Company. We can get you any style, in any quantity at prices that will delight you.

If the price war among the big companies ends, prices will be at once doubled.

You need not take delivery or make any payment, beyond a deposit, until Autumn.

Phone 34 and we will be pleased to call and talk it over with you.

NEWS PUBLISHING CO.

Here and There

A party of 50 Australian boys will be the guests of the Exhibition at Toronto from August 30th to September 3rd. They are public school boys from all parts of Australia and their visit to Toronto will be made on their way home from the British Empire Exhibition.

British Columbia is now the third manufacturing province of Canada, with 2,672 manufacturing establishments, over 41,000 employees, invested capital amounting to nearly \$225,000,000 and a value of products of approximately \$200,000,000, according to Government statistics.

New Brunswick in 1923 produced more coal than at any other time in her history. The output for the year exceeded that of 1922 by more than 12,000 tons and amounted to 251,091 long tons. It is estimated that this industry creates a value of over \$1,100,000 annually, most of which goes out in supplies and wages for the benefit of the province.

What will probably be the last big round-up of horses in the West will take place shortly in the range country south-east of Calgary, Alberta, for the purpose of clearing the range of stray horses. The horses will be gathered in one central corral, where the owners may claim their animals. It is anticipated that about 10,000 animals will be secured. The Department of Agriculture is supervising the arrangements.

Unstinted praise from prominent citizens and the press of Alberta is given the Canadian Pacific Railway in connection with the Company's recently announced branch line construction program, affecting the southern portion of the province. C. E. Mitchell, member of the Provincial Legislature for Bow Valley, describes the announcement as the most important made in many years.

"Perhaps the most noteworthy fact we discovered was the vastly improved psychology of the people of the west to that which existed a year ago," commented E. W. Beatty, President of the Canadian Pacific Railway, on his return from a recent inspection of the Company's property. "They are full of hope and confidence and realize, as the east should realize, the tremendous benefit to the whole of Canada of a second consecutive large harvest."

The number of big industrial undertakings projected for immediate construction on the east of British Columbia provides a striking indication of how that province is going ahead. A \$400,000 logging railway up the Skeena River Valley, a \$1,000,000 mill plant at Chemainus, a \$200,000 amusement centre at Victoria and a \$200,000 saw-mill at Port Coquitlam, with about \$10,000,000 in power plants in the Seve Lake District are some of the more important and a host of smaller projects are also under way.

Practically all Canada's production of newsprint for export in March was absorbed by the United States. Of March shipments amounting to 127,583 tons valued at \$9,746,830, the United States received 125,848 tons, valued at \$9,617,823. The only other Canadian exports of newsprint of importance were 589 tons to South Africa, and 1,037 tons to New Zealand. It is expected that April shipments will show an even greater proportion of consignments to the United States.

The concentration camp for emigrants to Canada and the United States maintained by the Canadian Pacific Railway and other steamship companies, is located at Southampton, England. It has an average daily attendance of 600 and, on some days, the number is about 1,000. Comfortable quarters and meals at moderate cost are provided and features of the camp are the special dining-room for Jewish passengers, the private shower baths, with towels and bathing gowns supplied and the individual rooms which are also available.

Women's Smart Tailored SUITS Clearance Price at \$25

Regular \$35, 39.50 and \$45 values

It's seldom indeed that such price and style advantages are favorably combined—fortunate indeed for those who have not yet secured a lightweight suit, and can wear a 16 or 18 year size. These are of Tricotine and Twill Cord, in Navy Blue, Grey and Hairline Stripe, comprising a few sample models secured from "Northways"

Women's Cloth Coats to clear 18.75

The Balance of Our Season's Coats
Offering a very substantial saving to the purchaser. One of a kind only, reduced for final clearance. Sizes 36 to 40. Such smart styles and attractive fabrics and such splendid tailoring; not a coat in the lot, that you'll value at a price decidedly higher; they're all genuine economies.

NEW FROCKS OF GAY GINGHAMS
To brighten Miss Schoolgirl's summer days. These are delightfully cool looking and summery straight little styles, with narrow belts and pockets smartly placed. Piping, too, are cleverly used, and fancy collars and cuffs. To fit ages 8, 10, 12 and 14. Price each \$2.25

LOVELY NEW GINGHAM DRESSES
For Women at \$3.50 and \$3.95
More than a dozen distinctively smart and attractive new styles. Generously cut and tastefully trimmed garments that will give splendid service on many occasions. Small, medium and large sizes in many new designs and colorings.

Men's High Grade Dress Boots 6.75

This purchase comprises boots of a quality that is unusual at the price quoted. Made in nice tan leather, medium recede toe and both blucher and balmoral style. All Goodyear welted and half rubber heels. Sizes 6 to 11 at \$6.75

SPLENDID TENNIS BOOTS FOR MEN AND BOYS
Made from the best quality heavy sail canvas, and extra heavy pure gum suction soles. Price \$2.15

MEN AND BOYS TAN OUTING SHOES
Made of very strong brown canvas, with tan facings and ankle protectors and heavy corrugated soles. Prices, 11 to 13 for \$1.75
1 to 5 for \$1.95
6 to 10 for \$2.15

WOMEN'S WHITE CANVAS SLIPPERS at 2.45 pair
Cool, comfortable, summery looking; these are just the sort of shoe every woman prefers for summer time. Made of white canvas, very neat fitting, rubber tipped Cuban heels. One line finished with neat strap and pretty buckle; the other is a two-buttoned strap. Sizes 2½ to 7. Price only \$2.45

Men's and Young Men's High Grade Suits Priced at \$25 \$32.50 and \$35.

Beautiful fabrics, dressy styles, and fine workmanship will undoubtedly be your verdict when you see these latest arrivals, and they're most surprising values. Materials are all good quality tweeds and worsteds, patterned in dressy blues with contrast stripes. Summer greys in herringbone and tweed effects, and other pleasing patterns. Two and three-button single breasted styles, and young men's belted styles. Sizes 34 to 44.

Lovely Summer Millinery

In modes inspired by sunny skies. Summer lightness in every line of these enchanting new chapeaux. Such lovely colorings and clever garniture. Such fluttering shapes and exquisite fabrics; all individual; all charming. Price \$7.50

Imported Rugs from England at 3.95 75 only-85p.c. Wool-cleaning at 3.95

APPROXIMATE WEIGHT 4½ THE SIZE 60x80 INCHES

The small price conveys little conception of the splendid quality and attractiveness of this magnificent blanket or rug. For real comfort and serviceability, there is no equal to this value in Canada. Perfectly woven on a bluish grey ground in attractive plaid design with bound edges. You'll find many uses for this commodity—at least one, if not two are indispensable to any household—for the bed or couch, camping, travelling or auto use, one of these rugs will be found the acme of comfort and economy.

CHILDREN'S BLACK SATEEN PANTIE SUITS 2.25

A well made garment, attractively trimmed, and will stand lots of rough and tumble wear. To fit ages 3 to 6.

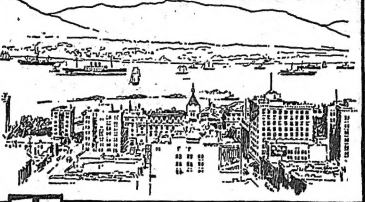

MAXERN

GAETZ-EWART Ltd.

SEVENTH
of the series dealing with the establishment of the
Bank of Montreal at representative points in Canada
and elsewhere.

IN VANCOUVER AND VICTORIA

THE completion in 1886 of the Canadian Pacific Railway, a project that had received the moral and financial support of the Bank of Montreal, cast a bright ray of promise across the then somewhat troubled economic life of Canada.

Canada at last was spanned by rail from coast to coast, opening up for profitable development the fertile territory lying between.

The Bank of Montreal signalled the completion of the line by establishing a Branch at Vancouver and later at Victoria, thus completing its transcontinental chain of Branches and bringing to the Pacific Coast banking facilities essential to the successful development of the great economic potentialities there.

Of its 567 Branches, 53 are situated in the Province of British Columbia.

EXAMINER'S REVIEW OF PROVINCIAL MARKETS

Calgary, June 19.

Buyers for coast trade expecting to get interior B. C. cattle soon and showing less activity on prairie markets. Calgary prices for most of the steers, but tops will still bring nearly as much as last week; choice heavy steers, \$5.75 to \$6.25; choice light, \$5.50 to \$6.15; good, \$5 to \$5.50; medium, \$4 to \$4.75; common from \$3.50 down. Choice heifers, \$4.75 to \$5.25; good, \$4.25 to \$4.75; medium, \$3 to \$3.75; common, \$2 to \$2.75; canners, \$3 to \$3.50. Choice cow, \$4 to \$4.65; good, \$3.75 to \$4; medium, \$3 to \$3.75; common, \$2 to \$2.75; canners, \$3 to \$3.50. Choice veal calves, \$5.50 to \$7; common, \$2.40 to \$3.40. Stockers, \$2.50 to \$3.50; common, \$2 to \$2.50; stocker cows, \$1 to \$2.50.

Best—Packer not buying as freely as Edmonton, and prices weaker on most fat stuff, choice heavy, \$5.50 to \$6; choice light, \$5.25 to \$5.75; good, \$5 to \$5.50; medium, \$4 to \$4.50; common, \$3 to \$3.50. Choice heifers, \$4.75 to \$5.25; good, \$4.25 to \$4.75. Choice cow, \$4 to \$4.65; good, \$3.75 to \$4; medium, \$3 to \$3.75; common, \$2 to \$2.75; canners, \$3 to \$3.50. Choice veal calves, \$5.50 to \$7; common, \$2.40 to \$3.40. Stockers, \$2.50 to \$3.50; common, \$2 to \$2.50; stocker cows, \$1 to \$2.50.

Calgary prices firm since last report at \$4.75 on thick smooths, off cuts; bacon 10 percent premium. Today's sales at \$4.75. Edmonton receipts light and market firm during the week at \$6.75 and \$6.85, thick smooths, off cuts; bacon 10 percent premium. Sheep—Market prices in Alberta are hardly established, and sales are very scarce at this time; prime lambs would bring probably \$14 and others, down to \$13; fat ewes from \$8 down and

SUCCESS
in baking
is assured
when you
use

MAGIC BAKING POWDER

It contains
no alum and
leaves no
bitter taste

weathers \$10 to \$12.

There has been a wonderfully strong market during the week and, like all similar advances, there is always the likelihood of something of a setback at this time, but the level of prices on the present crop looks as though it would keep up. The heavy reduction in the United States crop given in the last government report, seems to be the chief factor in the present firmness. Alberta crop conditions look about as good as last year, and if the moisture which has favored the present month continues there should be a very good yield. The report from the other provinces are also encouraging, and on the whole the western farmers have every reason to feel optimistic so far as grain crops are concerned.

Butterfat—Butter—Creameries in the south and part of the central districts dropped their price twice since last issue and the price at centralizers is now: Specials, 30c; No. 1, 29c; No. 2, 28c, and off grade, 26c; country cream, 25c under. Edmonton has been holding up on the 35c basis, but there is a drop coming there almost any day. Creamery Butter—Prints and carboys unchanged at 34c to 35c for No. 1 and 30c to 32c for No. 2. Carboys not moving very freely, as manufacturers not trying to force the market; carboys unchanged at 31c to 32c, 31c, specials, and cars rolling east on basis of 30c. Dairy Butter—Not much change, markets paying 28c to 29c for fancy grade of table butter. Cheese—Unchanged at 18c to 21c, but outlook somewhat uncertain owing to large eastern supplies.

Eggs—Calgary quotations unchanged at 18, 16, 12 and 9c for the grades, but another couple of cents may be added to the grades; Edmonton paying 20c on extras and firsts; all markets complaining of large percentage of No. 2; running up to 90c for extras and firsts. Poultry—Broilers unchanged at 22c; north 22c to 24c on weights between 14 and 24 pounds. Fowl looks weaker, but not very much handled. Hay—Affairs little reported to be looking good; not much demand for hay, except occasional orders on timothy. General indications of crop of hay of all kinds favorable.

Potatoes—New crop coming along in good shape; prices unchanged from last week on present deliveries, Calgary paying \$14 to \$18, but the latter price only for really good quality. Hides—Tanners report leather trade bad and they pulled back by poor bids on hides; outlook not improving. Furs—Not enough information about Montreal auction this week to warrant any price changes yet.

ALBERTA STANDS THIRD IN BUTTER OUTPUT

Make in 1923 Was 17,750,000 Pounds of Creamery Butter—Dominion Figures Give Totals For All Provinces

CALGARY EXHIBITION AND STAMPEDE

Ride 'em Cowboy! Milk that Cow! Off to the wild bunch! and similar expressions of enthusiasm will be the order of the day during the week of July 7th to 12th, at Calgary, Alberta. The Stampede is the "City of the Broomstick" and the "City of the Foothills" are holding their annual rodeo. The Stampede is the "City of the Broomstick" and the "City of the Foothills" are holding their annual rodeo. The Stampede is the "City of the Broomstick" and the "City of the Foothills" are holding their annual rodeo.

LADIES HOLD SUCCESSFUL BANQUET

On June 17th the Methodist school room, was the scene of an unusually successful ladies' banquet ever given in connection with the church. Sixty ladies sat down to the long X shaped table, which was lavishly decorated with flowers and dishes. The ladies for the most excellent supper and trouble they had very much enjoyed the banquet and success. This was seconded by Mrs. J. McMillan.

The chair was then taken by the Secretary, Mrs. W. R. Fowler, and the following programme rendered: Mrs. C. W. Hamilton led the community singing of "O Canada," which was followed with a splendid address by the President, Mrs. Humber, on what the ladies would take as their motto for the coming year; how best to serve ourselves, our church and young people, and our community.

A couple of verses of "Hold the Fort" and "Old Folks at Home" were sung. A very helpful and inspiring address was next given by Mrs. C. W. Churchill, encouraging the ladies to maintain high ideals and asking their co-operation in the work of the church, Sunday School and other branches.

PRESENTATIONS AT NORTH RED DEER COMMUNITY CLUB

The North Red Deer Community Club had a pleasant social evening on Friday, June 13, when the members met to give a little send-off to Mrs. Walter Webb and family, who are leaving the last of June to join Mr. Webb at the Coast, and to join with Mr. and Mrs. F. R. Weaver in celebrating their silver wedding. Mrs. Webb was presented with a parcel and Mr. and Mrs. Weaver received a silver berry spoon, as well as other presents from outside friends. Twenty-eight sat down to a nicely arranged supper table, which, among other good things, presented a beautiful wedding cake. Mr. and Mrs. Webb have been very popular and helpful members of the Club and the community, and will be greatly missed. The best of good wishes go with them in their new home. Mr. and Mrs. Weaver received the hearty congratulations of the members and the hope that they would be with them to celebrate their golden wedding anniversary. Games, cards and dancing rounded out a very happy event.

Mrs. R. J. Martin is on the sick list. Mr. Gillies and family, of Bowden, visited his brother, Mr. T. Gillies, over the week-end.

TENNIS

The Delburne Tennis Club entertained the Red Deer Club on Saturday afternoon, June 14. Tea was served on the lawn adjoining the courts, and the results of the several events were as follows:—
McComas and Gregson lost to Lloyd and Clendenning, 1-6, 0-6.
Rouch and Leitch lost to Storey and M. J. Manning, 2-6, 3-6.
Gaetz and Springbett beat Clendenning and Calder, 6-4, 6-4.
Misses G. Smith and M. Greig beat Mrs. Lindsay and Paxton 6-2, 5-6, 6-3.
Mrs. Johns and Miss G. Smith beat Mrs. Hogge and Morris 6-4, 6-2.
McComas and Miss G. Smith beat Lloyd and Mrs. Storey 6-3, 2-6, 6-4.
Cummins and Miss Greig lost to Storey and Mrs. Lindsay 1-6, 5-6.
In the Junior events—
Hal. Gaetz lost to Eric Clendenning 4-6, 5-6.
Bruce Springbett lost to Ted Manning 1-6, 2-6.
Gaetz and Springbett lost to Clendenning and Manning 0-6, 2-6.

Bank Money Orders are Safe

Do not risk the loss of money by sending currency through the mail. You can ensure the safety of your remittance, at very slight cost, by using Bank Money Orders. The charges for these are: up to \$250—5 cents; \$250 to \$500—7 cents; \$500 to \$1000—10 cents; \$1000 to \$2500—12 cents; \$2500 to \$5000—15 cents—plus 2 cents for revenue stamp. Obtainable at all branches of this Bank.

IMPERIAL BANK OF CANADA

RED DEER BRANCH H. WILLSON, Manager
Branches also at Sylvan Lake, and Rocky Mountain House.

BROOKSLEY BEAMS

Mrs. Henry Jacobson and Miss Grace Jacobson have been visiting at Camrose and incidentally taking in the Stampede. The Glen Club held a picnic on June 14th, the young people having a very good time. Miss Galt is leaving our district this week. The Brooksley Community Club met on June 14th. Mrs. C. S. Spiers demonstrated the making of a 10-pound cheese. Mrs. Matheson also entertained. Tea was served by Mrs. C. P. Brock and Mrs. W. Gould. The above Club intend to hold their annual picnic on July 19th at the Red Deer east bridge. Everybody welcome.

FAITH OR HONOUR

A contemporary recently, in discussing the prevalence of youthful lawbreaking in North America, suggested that the cause of it is the decay of religious belief, and that in view of such decay it is necessary to teach the young people standards of honour in order to keep them from getting into wrong ways. It said this newspaper, our young people can be taught to believe that apart from any question of legal punishment, it is dishonourable to do wrong, they will be more ready to obey the laws than if they have nothing but fear of punishment to restrain them.

It is an interesting but a very doubtful and highly controversial suggestion. At once raises two questions—whether religious faith is really failing and whether such a principle as honour can take its place as a foundation for conduct and character. Certainly the old formal religious faith, based mainly on the Bible, is no longer of anything like its former strength. The numbers attending our churches, the spirit observable in services, the support financial and otherwise given to church causes all attest the change. An eloquent or sensational preacher can fill his church, but the congregation assembled to hear him speak rather than to join together in divine worship. The ignorance of the Bible which prevails amongst all classes could not exist in a people whose faith based on that Bible was living and strong. The miserably poor salaries, relatively speaking, paid to clergymen, speak for themselves. The day has gone by when the censure of the church was as much dreaded by the wrongdoer as the arm of the law. Yet if formal religion has weakened certain aspects of practical religion, the form of charity and mercy stands probably at a higher level than ever before, at least in public matters. The cause of the weak or the oppressed obtains a hearing now with a readiness which is creditable to our society. There is probably less cruelty among us than among natives of the past or uncivilized nations of the present. Nevertheless, the absence of restraint and self-control amongst the younger generation is noticeable and wholly regrettable. In private life soon shows itself in conduct, which sets all laws at defiance, and there is an inevitable tendency for such a condition of things to become worse with ever increasing speed.

Supposing it is admitted for the moment that faith has weakened dangerously, is the appeal to honour likely to be a successful substitute? There have been in the history of the world, and there are now various codes of honour in existence, which have in their own limits successfully induced conduct. The Spartan code of honour is famous in history for the courage and endurance which it taught, but it made no attempt to prevent, for instance, stealing. The code of honour prevailing at most of the courts of Europe in the great days of ceremonial monarchy incited the fiercest maintenance of personal dignity. It entirely ignored either respect for women or consideration for the poor. The English public school code makes sneaking or cheating at games things so dishonourable as to be worse than any crime. It looks with comparative complacency on "ribbing" or copying in school and tolerates no little degree of coarseness in speech. If the appeal is to be made to honour, to what code of honour is it to be directed? Who has the authority to lay down such a code? If the code is challenged, on what ground is its binding character to be maintained?

Perhaps there are two codes of outstanding authority among us consciously or unconsciously. One is the code of Christianity. The other is the code of nature. They differ sharply in respect of many things, chiefly in those of mercy or self-sacrifice, for nature in all its teachings is without mercy or wholly selfish. That is not a code likely to lead to a happier state of things in the world of man, at least from the standpoint of immediate results. We are left, therefore, with only one code of honour which is practically unquestioned at the present day, and that is the code of Christianity. It is to that code alone that we must appeal, the suggested distinction between faith and honour seems to have disappeared.

HOW TO GET RICH

This is not a scheme for making money quickly. If we knew of any such, we should keep it strictly to ourselves, and we should give up publishing this paper. What we are puzzling over is just what are the qualities which in the main enable some men to become rich, while others remain poor.

Luck plays its part certainly. One man strikes a gold mine. Another finds oil. Another owns land which is wanted for some big city development. These are only a few of the limited number of the ways of enrichment. Shrewd business ability does it sometimes. The man who can plan a series of big stores, building them up from small beginnings to a huge organization, may be said to have earned his wealth. Similarly the creative brain of the inventor, who devises some new thing which is of real or fancied value to mankind, earns the resulting wealth. Sometimes great natural gifts such as a fine singing voice or the physique of a boxing champion lead to wealth.

Yet in many cases the main element of success in the world of business seems to be neither luck, nor industry nor natural gifts, but a certain forcefulness of personality. The man who can persuade his fellows to subscribe their money to his company foundation plan, and make him the highly paid manager of it, the lawyer who can force clients, judge or jury to take his advice or adopt his view of the case, the doctor who can charm his patients into undoubting belief in his skill, the faith-healer who can persuade huge audiences that he really does heal, and does it for something else than the money, the politician who can take his way to the cabinet, the man who can persuade the masses to the acquisition in one form or another of mastery over the minds or the wills of his fellow men. Sometimes there is a distinct element of physical force about it. There are times and places when and where the aspiring political leader needs more than a gift tongue to carry him to the front. Some of the Tammany leaders in New York, for instance, owed their rise to their fists as much as to anything else. In primitive communities, of course, this element of force is much more prominent than in others, but it is present to a certain extent even in the most highly civilized communities, though, curiously enough, the greatest money-makers in the world, the Jews, are not notable for their physique or for violence of method.

Money-making is one aspect of the struggle for existence that goes on incessantly amongst us, and, therefore, he who wishes to grow rich must as a rule make up his mind to fight for his money. It does not follow that he will win his fight, but without fighting he is not likely to get much. His real problem is the mode of combat. There are two original types of money-making. One is the type of money-making published in a widely read magazine some time ago of a young man who entered a great American business store as a clerk and was told by the head of the firm on entering that only ceaseless industry would enable him to rise in the business. Accordingly he was ceaselessly industrious with only very meagre results. One day he discovered that the leading and best paid positions in the firm were held by men who were married and relations of the head of the firm, and that there was still an unmarried daughter. Therefore he married her, and speedily rose to be himself head of the firm, and as such, advised all new clerks that only ceaseless industry would enable them to rise. It is

a cynical little story but it illustrates the personal element in the struggle for success. That success is attained only by a struggle is perhaps the explanation that it does not often bring real peace with it. After all, there may be truth in the old familiar dictum, "Teaching that wealth does not mean happiness, and often means almost the reverse of it."

JOURNALISM ENTERS THE RANKS OF ROYALTY

There have been times when we felt that the profession of newspaperman was a disappointing one, that we were not appreciated, and held only a lowly position in society. That is all changed now, for we find that nothing less than a real live king has joined the ranks of the journalists. This is King Hussein, of the Hedjaz, one of the new Arabian monarchies, which has emerged from the Great War and the downfall of Turkey. He is not only a king. He is an absolute king, an autocrat of the good old type, with no babbling parliament to worry him, and no necessity for opening exhibitions of fastidiousness or hesitating or changing with a genial smile covering intense boredom.

King Hussein is a real journalist. He writes the editorials for his Arabian paper published in Mecca, the sacred city of the Mohammedans, and he even corrects the proofs of the paper before it is published. As an editorial writer he, of course, enjoys distinct advantages from his official position. He does not have to argue with anyone. All he has to do is just to go out and tell them. If any disagreeable rival writer dares to contradict the statements or differ from the policy of the royal editorials, all that need be done to put an end to such opposition is to send a smart file of Arabic soldiers round to the offending office and have the editor and staff neatly decapitated outside the main door. There are times when we could wish that we enjoyed such advantages. For instance, what a recommendation for years of weary work it would be if we could expect the execution of the complete staff of—"Stop, stop, Mr. Editor. What are you doing off? You have an invasion from that 'Yankee' if you say that, and we'll get into dreadful trouble." "All right, then, Ralph, leave out the name, but you know yourself you would give a month's salary to be allowed to wield the axe."

Then King Hussein has advantages with respect to the collection of news. When he fits the receiver of his private telephone, the result is to disconnect automatically all the telephones of all his subjects except such a one as he wishes to speak to. There can be no "line engaged" or "they're busy" worries for this lordly editor. Similarly, in receiving and sending telegrams he is so powerful that on the occasion when sending out a royal rebuke by wireless, the King disturbed the air to such an extent that British warships, far off in the Red Sea, could not use their own wireless.

It all sounds very fine. There is now a new dignity added to the use of the editorial "We." "We" rather than "I" must insist on added respect from our staff. They ought at least to look out of our presence, and accept half their present salaries in respect of the social prestige involved in working under the shadow, as it were, of us and King Hussein. Perhaps, however, it would be more royal, not to say more judicious, if we did not enter into such disputes as to such dress as money with our subjects—at least not for the present.

EDITORIAL NOTES

Smuts has been defeated in South Africa by a combination of the other parties. The Nationalists, or down with the Empire, party united with the Labor party, whose slogan might be "No more wars or wars when we have the same nature keeps the Conservatives out of power at Ottawa, and may well study the South African situation with interest.

We draw attention to the letters in this issue on the question of the needed rink in Red Deer. The letter from Dr. J. B. Long especially in line with our own views. Something should be done at once, and we hope citizens take the matter up. We believe that ultimately, if not at once, the rink would be a paying venture. It would cost no more than the current rink has cost, while there would certainly be more revenue in that each year more and more citizens are willing to pay generously to see real hockey.

Interesting statistics have been compiled showing that the cost of our government has increased by 50 per cent during the past four years to a much greater extent than has the cost of government in Saskatchewan or Manitoba. At the same time the money spent on roads and highways in Alberta has been steadily reduced. Only a small portion of the increase in the cost of government is attributable to the cost of the public debt. We thought the main plank in the farmer platform was economy, but apparently that plank has been relegated to the woodshed until the next election.

The leaders of the Conservative and the Liberal parties in British Columbia were both defeated in the recent election. Only two members of the new provincial party were elected. The only real reason for the defeat of the leaders was that they were the part of those who could not be premier.

The Murdoch exoneration is a striking example of men playing politics with the dead. The man who was either guilty or not guilty of using his position as a cabinet minister for the purpose of getting the withdrawal of \$4,000.00 out of the Home Bank immediately after he had knowledge

of its impending bankruptcy but before that fact was accomplished. It is absurd to suppose for a minute that all the Conservative members on the investigating committee believed him guilty, just as it is absurd to suppose that all the Liberals thought him innocent. And yet the vote went on party lines with the few Progressives splitting their votes. If it were not that we are satisfied that the circumstances the Progressives would act in exactly the same way, we would turn Progressive.

PROPOSITION RE-NEW RINK

Red Deer, June 23, 1924.

To the Editor, The News, Red Deer.

Acting on your suggestion in last week's issue re new covered hockey rink for Red Deer, may I crave some space this week to outline a proposition.

Whether or not our city fathers acted for the best interests of all Red Deer citizens last fall, when they refused to submit a by-law to the ratepayers calling for a vote empowering the Council to issue debentures for the erection of a municipally-owned rink, is a question that is now ancient history. At this date we are face to face with the necessity of providing for the coming winter season before the rink again becomes too limited.

Falling to enlist the aid of the Council in a municipally-controlled rink, the writer is of the opinion that a limited stock company can be formed in Red Deer and district with sufficient capital subscribed locally to erect a covered skating and hockey arena at least the equal of the one now owned and operated by the town of Stettler.

The purchase of a covered rink showing an ice surface of about 75 feet by 175 feet, and adequately equipped with seating, dressing rooms, shower baths for hockey players and so forth, would be in the neighborhood of \$15,000. To build such an Allan cup size, the ice sheet would have to be at least 70 feet by 170 feet. The purchase of a few of our city and district should exceed this minimum ice space by at least 5 feet each way. We are admirably located here for hockey leagues, provincial play-offs, and it would be a regrettable mistake to build a rink with an inadequate ice surface. Furthermore our city is bound to grow in years to come, and we should build now for the future.

To make the sale of stock easier, and more widely distributed among the citizens, the writer would suggest placing a par value of \$25.00 on each share of stock, and that these be sold at \$20.00.

This is a figure of the amount of which should make the stock within easy reach of the bulk of the citizens of this city and district. What young man or young woman earning money in city, but could purchase at least one share of the stock. What father of any household in Red Deer who could purchase one or more shares and while a few of our citizens could purchase but one or two shares, there are many that could and should buy several. Nature and a community asset, why cannot we put this thing over the top?

The purchase of a rink in the proposed new arena company would have on hand a security that was not only tangible, but also negotiable. For this reason, the purchase of these shares should appeal to the various branches of the city and district. It is the progress of Red Deer to get behind this rink proposition and best.

Hundreds of citizens who enjoy skating and hockey would be able to participate in these winter sports owing to present arrangements. The writer pledges himself to do his bit with that of every other public spirited citizen in this city who ought to be proud to call our own, and awaits comment from the leaders of those organizations in our city and district who owe it to themselves and Red Deer to help make it a better place in which to live.

(Signed) J. B. LONG,
President Red Deer Hockey Club.

IMPOUNDED, ON JUNE 14, ON THE N. H. of Sec. 18-32-27, West of 4th Mer., black 2-year-old heifer; star on forehead, white on belly. No visible brand. If not claimed, will be sold by public auction on Monday, June 30th.—J. Cruickshank, Poundkeeper. June 18.

NOTICE OF SALE

Notice is hereby given under Section 41 of The Domestic Animals Act (Municipalities) that the following animals have been impounded and are now in the pound and may be redeemed by the owners or by their behalf within a period of thirty days from the publication of this notice in The Alberta Gazette, upon payment of all fees and costs due to the Municipality and the purchaser of the said animals:

One bay mare and yearling colt, mare branded R on right shoulder, one white hind foot and a crooked foreleg, weight about 300 lbs.

One dark bay mare and yearling colt, mare branded R on right shoulder, three white feet, white stripe on face, weight about 1500 lbs.

One bay gelding, branded on right shoulder, three white feet, white stripe on face, weight about 1500 lbs.

One bay mare, branded on left shoulder 75 with bar blow, BW on off, white hind foot, weight about 1300 lbs.

One strawberry roan mare, no visible brand, weight about 1200 lbs.

For further information apply to Secretary-Treasurer, Village of North Red Deer.

A copy of the above notice has been forwarded to The Alberta Gazette for insertion in the issue of June 30th, 1924.

June 23, 1924.

Here and There

Comparative figures on the hydro power installed in the United States and Canada show that the latter is far in the lead in respect of horsepower installed per 1,000 of population. The United States has 40,465,000 h.p. of installed water power against Canada's water power installations of 3,253,414 h.p. The horsepower per 1,000 of population in the United States is 95, but in Canada it is 350.

A steady increase in the volume of wheat exports from Canada is noted in the monthly statement issued by the Bureau of Statistics. In April, 1924, 5,085,465 bushels in all were exported as against 5,148,794 in April, 1923. Included in these figures are 32,800 bushels sent to the United States, 2,772,489 to the United Kingdom and 2,080,191 to other countries.

Approximately 80 per cent of Manitoba's wheat acreage has been seeded, despite the general lateness of work on the land occasioned by unfavorable spring weather. Practically every district correspondent reports a reduction in the wheat acreage, with corresponding indications that barley and flax acreage, in particular, will be increased.

Alberta provided the bulk of the wool sold by the Canada Co-operative Wool Growers' Association last year, 1,022,613 pounds, of the total of 2,345,265 pounds of the 1923 clip. Of work on the land occasioned by unfavorable spring weather. Practically every district correspondent reports a reduction in the wheat acreage, with corresponding indications that barley and flax acreage, in particular, will be increased.

The value of the building permits issued in the Canadian cities shows a large increase during April, as compared with March, 1924. Representative cities authorized buildings to the value of \$18,452,350, as compared with \$9,162,763 in the previous month. Nova Scotia, Quebec, Ontario, Manitoba and New Brunswick registered increases in the value of building permits issued.

Except in sheep, Canadian livestock and livestock products show an increase in shipments to the United States all along the line in the January-February period of this year, compared with the corresponding months of last year. Cattle shipments in the period were 11,190, compared with 10,150; beef 923,400 lbs., compared with 846,800 lbs.; bacon 81,700 lbs., compared with 30,100 lbs.; pork 165,300 lbs., compared with 199,500 lbs., and mutton 3,400 lbs., compared with 700 lbs.

The first annual pow-wow of the Trail Riders of the Canadian Rockies, which will be held July 17-18 at Yoho, will take place in a big sun-drenched lodge decorated by Stonewall Indians. The order aims to encourage travel through the Canadian Rockies, outdoor life, nature study and forest conservation, and to honor early explorers. Many noted trail riders have in the past. E. W. Beatty, President of the Canadian Pacific Railway, has donated \$1,000 towards expenses.

The Canadian Pacific S.S. "Empress of Canada" arrived at Vancouver, B.C., on May 24th, following a world cruise of five months and nearly 30,000 miles. The passengers witnessed a remarkable eruption at Hilo, in the Hawaiian Islands, on May 17th. After a public welcome at Vancouver, they left for the East, stopping en route at Banff Springs Hotel for a dinner. E. W. Beatty, President of the Canadian Pacific, who met the ship, said that she had done important missionary work in carrying the Canadian Ensign over the Seven Seas.

Arrangements are well under way for entertaining the members and friends of the Canadian Teachers' Federation during their trans-Canadian tour, which will take place August 4th-12th over the main lines of the Canadian Pacific Railway, in trip specially arranged for the purpose. The tour will include Victoria as all planning festivities. The Canadian Pacific is preparing to give the teachers a royal time on their beautiful Rocky Mountain resorts and the people of Victoria, who the suburban convention will be held, will also help to make their stay in that city a memorable one.

(Signed) J. B. LONG,
President Red Deer Hockey Club.

Ties **60¢**

SWIMMING

The time is here when we can indulge in this pleasant pastime. Many bright colors are seen, but navy always holds a prominent place. Some have deep binding, imitation sleeves and two skirts with scalloped edge bound in contrasting colors. Others have a plain skirt, also bound in bright shades. Everyone should get a bathing suit and join the happy throng.

- Children's Bathing Suits—**
Cotton **\$1.15 to \$1.35**
Wool **\$1.15 to \$2.95**
- Misses' and Ladies—**
Cotton **\$1.95 to \$2.25**
Wool **\$4.50 to \$7.50**

GOLFING

Golfing is becoming a very popular sport, and every golfer thinks seriously about her sports costume. A two-piece dress of flannel with sand or fawn skirt and over blouse in blue, flame or green, made in different ways but always maintaining the straight lines, is very smart looking.

- Two-piece Dresses** **\$12.50 to \$165.00**

HIKING

What does one like better than to get into comfortable togs and go for a hike? We can fit you out with a very smart costume; a pair of breeches either laced or buttoned at the knee, in khaki drill or tweed. You can have your choice between a light blouse and a khaki blouse fastened high at the neck or opened in V shape. These are the days now to go hiking.

- Children's Bloomers** **\$1.50 to \$1.95**
Girls' and Women's Tweed and Khaki Breeches **\$4.00 to \$6.95**
Khaki Blouses and Middies **\$2.25 to \$3.35**

CANADIAN BRIEFS

Plenty of Money for Miners: That Canada could steadily secure in London, England, all the capital required for the development of her mineral resources, provided those interested in mining properties could show the investor mineral deposits worthy of development, was the statement made by Sir William Maxwell, K.B.E., in an address at the Tenth Man, a few days ago. Sir William, prominent English mine owner and writer, was on his first visit to the Herby Lake gold camp, during his tour of Canada over Canadian National lines.

World Flyers Following C.N.R.—In their cross-Canada flight the British aviators on the round-the-world race with United States flyers will reach Winnipeg about July 20, according to advice received by the Canadian National Railways. The route to be followed by the British flyers will be almost entirely that of the Canadian National Railways from Prince Rupert to Campbellton or Fredericton, N. B. The journey will be 1,679 miles from Prince Rupert to Winnipeg and approximately 1,225 miles east, so where the flyers jump off for Newfoundland and the last leg of their globe flight. It is planned to cover the distance between Prince Rupert and Winnipeg in two days. The first day's flying will end at Vancouver, Alberta, and the second will cover a distance of 885 miles to Victoria, British Columbia. The Canadian National branch along Lake Winnipeg, passing over Winnipeg en route.

Welcome Awaits Fleet: An enthusiastic welcome awaits the special service squadron of the Royal Navy, when it drops anchor in British Columbia waters, first at Victoria on June 21 and later, on June 25, in Vancouver harbor. This squadron left Honolulu

FRUIT TREATMENT FOR CONSTIPATION

Quick and Permanent Relief
By Taking "Fruit-a-lives"

What a glorious feeling it is to be well! What a relief to be free of catarrhs, salts, laxatives and purgatives that merely aggravate constipation and are unpleasant to take and so weaken in their effect! What a satisfaction to know that the juices of apples, oranges, figs and prunes will absolutely and permanently relieve constipation. By a certain process, the juices of these fruits can be concentrated and combined with tonic—and it is these intensified fruit juices that correct constipation, relieve headaches and biliousness, and make you well and keep you well.

"Fruit-a-lives" are sold everywhere at 25c. and 50c. a box or sent postpaid by Fruit-a-lives Limited, Ottawa, Ont.

Fifth Generation Celebrates: One hundred and fifty years ago the first settlers came to the shores of the Bay of Quinte and this month their descendants, heirs of the fifth generation, are honoring their memory and pluck in having out of the primeval forest a new nation in a new part of the world. For four days this celebration will last and during that time the complete growth of Belleville's progress will be traced from the founding of the first of the Loyalists in 1784 until the present day. There will also be a special pilgrimage to the village of Alburghurst, the site of one of the first settlements in Upper Canada.

Edmonton Team World Champions: The Edmonton Commercial Graduates, girls' basketball team, are now undisputed champions of the world, having this spring defeated one champion team from Ontario and two champion teams from the United States. The team has just left over Canadian National Railways lines for Paris, where the girls will participate in the Olympic games, representing Canada in the basketball series.

Grain Statistics: A fine of cars 1,022 miles in length is placed on end, and reaching from Winnipeg almost to Kamloops, or, in the other direction, to within 91 miles of the coast, is represented in the total movement of western grain over Canadian National Railways since the opening of the grain season to midnight of June 12. During that period 153,087 tons of grain, equivalent to 205,819,000 bushels, were loaded on western lines of that system, of which number 16,427 cars were delivered to Vancouver. To move the total loadings in 60-car trains, which is the average load during the grain rush, 2,655 trains, each approximately half a mile in length, would be needed, and this number 274 loads would be delivered to the western port.

Station Name Changed: Announcement is made by the Canadian National Railway officials that with the next change of time card the name of Barton, Man. will be changed to Redford, to prevent confusion with the towns of Barton, Alberta, and Benson, Sask.

EDMONTON EXHIBITION AND STAMPEDE

JULY 14-18

The Edmonton Exhibition, which has for years held the record of being one of the best agricultural and livestock shows in Canada, has this year included as an added feature a real Stampede, for which a splendid programme has been arranged, including all the regular stampede features, with regulations sufficiently strict to ensure good competition, and broad enough to attract large numbers of competitors. Indians from the Hobbema reserve will also be on hand.

The entertainment programme will also include horse and auto races, fireworks, the best platform attractions that could be secured from New York, midway shows, and many new and novel features.

The Dominion Live Convention will be held in Edmonton during the week of the Exhibition, July 14-19, and this energetic and up-to-date organization are bringing with them four or five bands, and are holding their sessions on the mornings so that they can attend the exhibition in the afternoon; the Edmonton Elks say that there will be "something doing" most of the time, wherever two or three of these fun-loving live wires are "gallied" together.

The Dominion Live Stock Branch will have splendid educational exhibits, and are co-operating with the Edmonton Live Stock Exchange in putting on a big educational exhibit; the Provincial Government will also conduct at Edmonton a free baby clinic and big health exhibit. This will be the only point in the province at which this exhibit will be shown this year.

The Dominion Postal Branch and the Express companies of Canada are putting on big educational exhibits, and a dynamometer to measure the pulling powers of horses is being specially constructed and will be displayed at Edmonton Exhibition. This device was a sensation at the Iowa State Fair last year.

A mine-rescue competition will be staged, open to teams from the area north and west of Red Deer. It includes events for men, ladies, boys and girls' first aid contests.

The camp ground for tourists will this year be located adjacent to the Exhibition grounds, immediately south, but not in the Exhibition enclosure; tents and cots will be supplied to those applying for same to W. E. Sit, the Manager of the Edmonton Exhibition.

Shipment of Alberta Butter to British Market

So far this season there has not been any movement of Alberta butter direct to the old country market, but in view of the very favorable reception that the provincial butter received at which was sent over in 1923, it is a certainty that advantage will be taken of the favorable reduction in rates secured and shipments will be made by way of Vancouver.

Negotiations are on at present re-

garding space for a shipment of 25,000 boxes which will be made from creameries in the province and forwarded during July. There have been a representative of the Royal Steamship company in the province for the past week and it seems more than likely that arrangements will be completed for space for one of the sailings of the next couple of months.

Through the efforts of the officials of the Alberta Dairyfarmers' association the steaming rates were lowered last year, which had the immediate effect of enabling the first large shipment to be made by way of Vancouver and helped to maintain the prices which were paid for cream throughout the province. Alberta cream prices have been higher than those paid in the other prairie provinces, and it is possibly due to the advantage that the manufacturers possess in direct shipments by way of Vancouver, that this condition has prevailed.

LESLIEVILLE

The warm days and moderate nights are very much appreciated in the local district. Owing to the cold the crops have been very backward. However, prospects are more hopeful now.

There is an epidemic prevailing among the horses known locally as quins catarrh. This has been a great handicap to many, although losses have been small. The Leslieville sports day has been set for July 4th. Everybody anticipates a big time. Mr. Steen is again President of the committee, being elected unanimously owing to the overwhelming success under his leadership of the committee. It is comprised of five wires imbued with optimism and ambition for the success of this year. Did you get the date, July 4th?

Mr. Miranda's Minstrel will play in the hall on Friday. These people are renowned for their ability, having made a big hit previous years.

The hotel is being repainted; in fact, there appears to be a regular clean-up and paint-up campaign. Well, let's hope we can keep up the good work. Nature endowed us with aesthetic beauty; we can't neglect the creations of man.

ROAD BUILDING DEMONSTRATION
Acting in conjunction with the Provincial Government, the M.D. of Crown on June 18th and 19th staged a demonstration of the most modern road-building machinery and methods. Printed programmes had been sent out with invitations to the various local bodies to be represented. As a result, well over a thousand people attended, including three hundred and twenty from municipalities all over the province.

Among the prominent people, there were Hon. Alex. Ross, Minister of Public Works; Hon. Mrs. Parby; Hon. C. R. Mitchell; and other members of the Government and House of Commons; Hon. J. E. Brownlee and Mr. G. W. Smith, M.P.P., went up from Red Deer, and Mr. Mayor Collier, Commissioner Stephenson, and all the members of the Council, City Foreman Jones and Reeve Donnelly, of North Red Deer.

The demonstration was in two sections, one on the gravelled street leading out of Lacombe to the west, the other six miles out to the south-east. It was purely educational, and not in any sense a contest between machinery firms. Six firms were represented—the Russell, J. D. Adams, Sawyer-Massey, Richardson, Yeh, and Hauer road machinery companies. Good work was done by scarifiers, graders, scrapers and levellers, for which the power was provided by seven tractors and fifty horses.

On Monday evening there was a sumptuous banquet provided, when Mr. Simpson, Mayor of Lacombe; Mr. Robert Gibson, Reeve of Crown M.D., and Highway Inspector E. Alnoworth were among the speakers, beside some of those already mentioned. This was followed by moving pictures showing modern road-building machinery in action.

SYLVAN LAKE

Mr. J. Slare is busy putting the finishing touches on his new harness shop.

Messrs. Miller and Lyness are putting down the wall for the creamery. A number of summer visitors are beginning to arrive, and when the weather gets a little warmer, we shall be away to a flying start.

The ball club put over another victory on Saturday against Senault. Things are looking better for the boys—may it continue. Quite a number of town people went down to Markerville sports on Tuesday, and a very good time is reported. The ball team played a friendly game with Eckville, and registered a victory.

Mr. Baird, of Stevenson & Baird, contractors, of Calgary, was up on Monday looking over the work on the new C.P.R. station, and reports everything fine and dandy. P. Duffy took in the fight at Penhold on Tuesday, and reports that while the preliminary bouts were a little slow, the main bout between White and Bethune was a mortar; the boys gave a very creditable exhibition of the noble art.

Mr. Coghill's sale, put over by Mr. Duffield on Monday, went off very well. While no outstanding prices were paid,

OGDEN'S CUT PLUG
NOW PACKED IN
Vacuumized Tins

OGDEN'S CUT PLUG
ALWAYS THE SAME **80¢** 1/2 lb. TIN **OGDEN'S LIVERPOOL**

until the proceeds were very satisfactory.

Hail, hail, the gang's all here—and then some. If you want to look over a bunch of hall insurance men, come to Sylvan Lake. Don't need to ask—they are all at it: this includes Jack Robinson.

The box social, concert and dance on in Hagerman's barn on Friday, June 14, by the Burnt Lake school in aid of the school fund, was a decided success. A splendid programme was provided by the scholars, assisted by Mrs. S. Swanson and Mr. P. Duffield. The Sylvan Lake Band put in an appearance and rendered two selections during the concert, and played the supper waltz in fine style, which reflected great credit on the leader, Mr. J. Hazelwood. The following made up the dance orchestra: Bjornsen, Axel Boody, Albert Boody, L. Bjornsen and K. V. Learned; bangs, W. Burr; guitar,

Mr. Jensen; cornet, C. Turnbull; piano, Mrs. Bell. Say, boys, you should have been there to hear the music—it will be a long time till such a bunch of good musicians get together again. Mr. P. Delaire made an ideal chairman—Burnt Lake are very fortunate to have such an energetic worker in their midst. It was due to his able arrangements that such a splendid array of talent was present. We must not, of course, overlook the teacher and the splendid way she did her share in preparing the children who took part in the programme. The following districts were represented: Lacombe, Ridgewood, Blackfalds, Pine Hill, Poplar Ridge, Sylvan Lake and Burnt Lake. The net proceeds amounted to \$49.05, which will swell the fund for which it was raised. Mr. P. Delaire wishes to take this opportunity of thanking all who so ably assisted in the events of the evening.

Cash Furniture Sale

Having received instructions from Mr. Walter Webb, I will sell by public auction at his residence, North Red Deer, opposite school, on

A PIED PIPER

In Billy's job, as in many positions where men have won fame and distinction, it is personality that counts. It is his mission in life to inspire confidence, and to lure innocent sheep and lambs to their destruction with as great alacrity and lightness of gait as if they were skipping to the fields of Elysium, and this he does to the King's taste; he was born for his task. Though but two years old he has a substantial beard, and long white hoary locks. His mien is gentle and there are no horns visible which might give rise to fatal suspicions. But in his eyes there is an air of command, backed by the force of a portly frame, which enables Billy to do what he will with the sheep and lambs which come within his ken, and even influences calves to keep a straight path. In the busy season he saves the salaries of five men; in ordinary times he does the work of two or three.

He was three months old when he arrived at the Canadian Pacific Stock Yards, Montreal, but he took to the work at once. He followed the heels of the men, and while other animals tried at the work had to be coaxed to labor by rewards of cake and biscuits, Billy needed no such spur, but in three months time would glance at the sheep comfortably, start off at a cheerful trot and without hesitation the doomed animals would surround him and happily ascend the winding runway to the abattoir nearby. Then at a command he would go back and coax any stragglers, till he had all at hand ready to be slaughtered.

Now to look at Billy, it might seem that he did this work in all innocence, and that he was quite unaware that he was led his charges to any harm; but that would be doing an injustice to Billy's mighty intellect. He leads the flock right to the edge of the platform where they are killed, but then he carefully edges to the wall, keeping as far as possible from the danger point till he reaches the only spot of safety, then he slides back from the helpless sheep, wriggles out and goes back for another lot.

His treachery does not weigh on his spirits, he is utterly complacent and self-satisfied, impatient to be on the job.

parts of Britain.

Alberta's Mineral Production
Alberta's total mineral production during 1923 was valued at \$31,646,816, according to a preliminary statement issued by the Dominion Bureau of Statistics. This included the following:
Coal, 6,848,538 tons, valued at \$28,278,842.00
Natural gas, 6,135,260 thousand cubic feet, valued at 1,700,000.00
Petroleum, 4,625 barrels valued at 30,002.00
Clay products, valued at 612,242.00
Cement, 318,756 barrels valued at 740,940.00
Quicklime, 96,905 barrels valued at 37,653.00
Lime hydrated, 35 tons, valued at 346.00

Total \$31,646,816.00

Poultry on Alberta Farms

With the exception of British Columbia, Alberta has a higher average number of poultry per farm than other provinces in Canada, according to figures prepared. Canada's average number per farm as a whole is 63.3. Alberta's average number is 79.9. British Columbia's average number is 98.6. The comparative figures are as follows: Prince Edward Island, 69.4; Nova Scotia, 17.3; New Brunswick, 28.2; Quebec, 49.7; Ontario, 71.1; Manitoba, 61.7; Saskatchewan, 76.2; Alberta, 79.9; British Columbia, 98.6.

Alberta's number of milch cows per farm is 4.9, compared with 4.3 for all Canada. Alberta's number per farm is higher than the other western provinces, excepted only by Quebec and Ontario.

Goos to South Africa
G. Roy Stevens, a former Alberta newspaper man and graduate of Alberta University, has been appointed Canadian Trade Commissioner to South Africa.

JAPS LIKE ALBERTA BEEF

Stock interested have Japanese direct dealers become in the shipment of beef cattle recently made by the Alberta Government to Japan in charge of H. A. Craig, Deputy Minister of Agriculture, that butchers from all over Japan have come to view the stock, according to word received today from Mr. Craig, by Hon. R. G. Reid, acting Minister of Agriculture. Mr. Craig, writing from Tokyo, states that the stock made the trip across the Pacific in excellent shape, and further states "The Japanese are well pleased with the cattle and are particularly well satisfied with the beef. They are anxious to have another shipment as soon as possible. The trade is possible of development, but depends, I believe, upon reduction in freight and expenses all through."

In connection with freight charges, Mr. Craig states that he has arranged to meet the representatives of the shipping board in Vancouver to discuss the matter on his return from Japan.

Mr. Craig was surprised to learn that the Japanese themselves are producing a very fine quality of beef. The two horses also taken over with the shipment have been sold by Mr. Craig, but he states that there is no demand for horses of any description. The side hams were ordered for \$1.00 each, and 90 cents in Canadian money. Timothy seed is worth about 17 cents a Mr. Craig has established some

valuable connections which may later prove to be of advantage in establishing a market for Alberta products. It is sailing for home on June 21.

HILLSDOWN VALLEY W. I.

The Hillsdown Valley W. I. held a very successful Millinery Course at the Divide Community Hall last week. Mrs. Nye, of Edmonton, was the demonstrator and her work was greatly enjoyed by the class of fifteen members. Look for the new and tasteful headgear in our neighborhood.

Government Liquor Control Act of Alberta.

Canadian Flag on Globe Encircling Tour

Upper left, Taj Mahal, Agra, India, one of the most beautiful sights on the "Empress" cruise. Right, "Canada" passengers on one of the elephants that took them from Jaipur to the old City of Amber, India. Lower left, Lama Priests in the Monks' Square at Darjeeling, India. Right, the Canadian Pacific S.S. "Empress of Canada," recently returned from world cruise.

It would be hard to find a happier, healthier and more satisfied lot of people than the passengers to be treasured all their lives and they say to the world at large "Go thou and do likewise." Every port called at was thrown open to the press of Canada when she docked in Vancouver harbour on May 24th at the close of her epoch-making cruise around the world.

Since leaving New York on January 30th, these fortunate folk had sailed for four months in the wake of Drake, Magellan and Marco Polo, seeing all and more than all that those adventurers saw with none of their discomforts. They had viewed the towering, gun-flecked rock of Gibraltar, the hallowed ports of Greece and Rome, on the blue Mediterranean, had ridden camels in the shadow of the Sphinx, harrowed the Suez Canal, crossed the sparkling Indian Ocean, walked the teeming streets of Indian cities, the gardens of the glorious Taj Mahal and the ramparts of the grim fort of Agra. Coyote, the ravishingly beautiful, palm-crowned Manila, the hoary antiquities of China, the dazzling loveliness of the Flowery Kingdom of Japan, the immensities of the Pacific—all these had passed before their eyes in a gorgeous pageant of eighteen countries and fifty races. They saw idols, monkeys, palanquins, palaces, mosques, temples, gashas, mandarins, follaas, shikhs, troubadours, fakirs, pyramids. They had adventures with elephants in Kandy and a volcano in the Hawaiian Islands. They brought back with them a host of souvenirs and impressions that they would treasure all their lives and they say to the world at large "Go thou and do likewise."

Every port called at was thrown open to the press of Canada when she docked in Vancouver harbour on May 24th at the close of her epoch-making cruise around the world.

The "Empress of France" will carry the Canadian flag on a similar globe-encircling tour from New York on January 14th.

Vacation Needs

For Happy Vacation Days

Nothing you can buy will contribute more to your vacation joys—than a Model 50 Portable Victrola. Compact, light, convenient to carry—and handsome in appearance—it is equally as desirable for the home as the country. Its dual use makes it an economy. In performance it is like all Victrolas—unexcelled—unequaled.

Here and There

British Columbia's agricultural production last year increased in value \$4,000,000 over the 1922 period, figures compiled by the provincial Department of Agriculture show.

A steady increase in the volume of wheat exports from Canada is noted in the monthly statement just issued by the Dominion Bureau of Statistics. In April, 1924, 4,058,658 bushels in all were exported, as against 5,148,304 in April, 1923.

It is anticipated that hundreds and thousands of visitors to the beautiful Annapolis Valley, Nova Scotia, will help to celebrate the famous fruit-district's "Apple Blossom Sunday," which falls on June 8th this year. The entire orchard belt, extending from Annapolis Royal to Windsor, a distance of about 80 miles, is always white and pink with blossom in the first part of June.

Hon. Honore Mercier, Minister of Lands and Forests, speaking of arrangements made in the provinces for forest protection this year, stated: "I really believe that the way the service is organized and with the good-will manifested by all classes of the community, who realize the importance of protecting our national domain, the year will be a good one and the losses reduced to a minimum."

The report of the statistician to the board of grain commissioners for April, recently issued, records the heaviest spring wheat shipping season on record. The report says that there are indications that all the surplus of the western crops will be moved as fast as transportation facilities permit, as export purchases are to be heavier than usual and all ocean tonnage out of Montreal for May and June has already been engaged, as well as part for the July loading.

Something new in the way of railway equipment in the new storage battery car now operating over Canadian Pacific lines between Galt and Hamilton. The car attains a speed of 35 miles per hour and makes two trips a day in each direction. It has three compartments: general passenger, smoking and baggage, is of all-steel construction and will accommodate 50 passengers. The service is reported to be giving every satisfaction to the people of the district.

Interviewed in Vancouver as to the success of the round-the-world cruise completed on May 24th by the "Empress of Canada," E. W. Beatty, said:

"To gauge the success of the 'Empress of Canada' round-the-world cruise one has only to ask the passengers their opinion of the entire trip. I spoke to several while crossing from Victoria and without exception they all expressed their complete satisfaction with the ship, its officers and the accommodations made and carried out since the day she left Vancouver, almost five months ago."

"That is good enough for me. It is simple demonstration that the Canadian Pacific can successfully conduct cruises in competition with any organization in the world and maintain that company's standing as a credit to Canada. The 'Empress of Canada' has carried the Canadian flag over the seven seas and into most of the world's great ports, and the missionary work she has done for Canada in the various countries touched should not be lost sight of. As one result of the undoubted success of this cruise, we look forward with renewed interest to the Canadian Pacific cruises of next season. They include the West Indies, the Mediterranean and another round-the-world cruise which will be made by the 'Empress of France,' already overhauled and fitted with a view to providing the greatest possible comfort for her passengers. The experience gained this year will greatly help in enabling us to make these cruises even more successful than those recently completed."

AND THAT WAS WHY

"So sorry to hear that your husband has been drinking again, Mrs. Miggs. Of course, drunkenness is a disease. He ought to be treated by a physician."

"Bless ye, he wouldn't mind that sir! When my husband's had a drop, he don't care 'oo treats him."

PUBLIC NOTICE

By the Board of Trustees of the Red Deer Public School District, No. 104, of the Province of Alberta.
Whereas it is deemed expedient by the Board of Trustees of the Red Deer Public School District, No. 104, of the Province of Alberta, that the sum of Seven Thousand dollars should be borrowed on the security of the said District by the issue of Debentures payable to the bearer in ten consecutive annual instalments with interest at the rate of not more than five per centum per annum, for the following purpose, namely:

For erecting and furnishing a two-room school building.

Therefore notice is hereby given by the Board of the said District that unless a poll of the ratepayers of the said District for and against the said debenture loan is demanded as provided by The School Act, the said Board will apply to the Board of Public Utility Commissioners for authority to borrow the said sum by debentures.

Of which all persons interested are hereby notified, and they are required to govern themselves accordingly.

R. L. GAETZ, Chairman.
Dated at Red Deer, Alberta, this 24th day of June, 1924.

Instructions to Ratepayers.
A poll may be demanded by any four ratepayers of a rural school district, by any ten ratepayers of a village school district, by any twenty ratepayers of a town, consolidated, or rural high school district, but no poll may be demanded when the loan is for the purpose of building a first school house and does not exceed:

(a) in any district other than a consolidated district, \$3,000.
(b) in a consolidated district, \$5,000.

Every demand for a poll should be delivered to the Secretary of the district, or, in his absence, to the Chairman of the Board of Trustees, within fifteen days from the date of above notice. A certified copy of the demand should be forthwith forwarded to the Board of Public Utility Commissioners of Alberta at Edmonton. June 25, 3w.

M.D. of Pine Lake, No. 339

TAX RECOVERY ACT

Notice is hereby given that if all the arrears of taxes imposed in respect of any parcel of land situated within the Municipality are not paid on or before the first day of July next, such land will be dealt with under the provisions of The Tax Recovery Act, 1922, with a view to obtaining certificate of title in the name of the Municipality in respect of such parcel.
Dated at Red Deer this 33rd day of June, 1924.

W. E. TRUEMAN, Secretary-Treasurer.

June 25, 1w.

TENDERS

Tenders will be received by the undersigned up to noon on Monday, June 30th, for hauling 1,000 cubic yards of gravel and spreading same on the divide hill on the main road between Red Deer and Delburne. Gravel may be secured from Norman Fluke's farm or from the river bed at the main bridge. Tenders may be for all or any portion of the amount required. The lowest or any tender not necessarily accepted. Tenders to be sealed and marked "Tender for Gravel."
W. E. TRUEMAN, Sec.-Treas.
M.D. of Pine Lake, No. 339.

NOTICE

Red Deer, June 24, 1924.
